

COUNCIL OF THE DISTRICT OF COLUMBIA
COMMITTEE OF THE WHOLE
COMMITTEE REPORT

1350 Pennsylvania Avenue, NW, Washington, DC 20004

TO: All Councilmembers

FROM: Chairman Phil Mendelson
Committee of the Whole

DATE: May 27, 2015

SUBJECT: Report on Bill 21-157, the “Fiscal Year 2016 Budget Request Act of 2015”

The Committee of the Whole (“COW”), to which Bill 21-157 was referred, reports favorably thereon and recommends approval by the Council. This legislation establishes the proposed operating expenditures and capital budget authority for the District for Fiscal Year 2016.

The Committee adopts the fiscal recommendations set forth by the ten committees on the Fiscal Year 2016 budget requests and the spending allocations for the respective agencies under the committees’ direct purview, except where the COW has modified the recommendations in the committee reports through superseding actions as set forth below.

I. BACKGROUND AND NEED

Section 442 of the District of Columbia Home Rule Act, approved December 24, 1973 (87 Stat. 798; D.C. Official Code § 1-204.42), requires the Mayor to prepare and submit to the Council an annual budget for the District. Bill 21-157, the Fiscal Year 2016 Budget Request Act

of 2015, as approved by the Committee of the Whole, and subsequently passed by the Council, establishes the budget for Fiscal Year 2016 (“FY 2016”).¹

On December 17, 2014, the Council adopted Resolution 20-1122, the Fiscal Year 2016 Budget Submission Requirements Resolution of 2013. The resolution established April 2, 2015 as the date by when the Mayor was required to transmit to the Council his proposed Fiscal Year 2016 budget. Together with Bill 21-157, the Mayor also transmitted supporting legislation in the form of Bill 21-158, the Fiscal Year 2016 Budget Support Act of 2015.

The Council of the District of Columbia has 56 days to review the proposed FY 2016 Budget and Financial Plan. Over the past two months, the Council has focused on ways to address housing and homelessness, strengthen the social safety net, improve transportation and infrastructure, and empower all District residents through robust education and training supports. During its review, the Council successfully identified efficiency savings across the government that will enable the FY 2016 budget to enhance investments in critical programs that improve the health, well-being, and economic opportunities of all District residents. Most important of all, the Council successfully invested these resources without raising taxes on any District resident. Thanks to the strong foundation laid out in the Mayor’s proposed budget, and with the support of both the Mayor and the Chief Financial Officer, the Council was able to make the changes outlined below.

Financing and Other

The Mayor’s proposed FY 2016 Budget and Financial Plan recommended increasing the general sales tax rate from 5.75% to 6.0%. The Council’s budget reverses that tax increase. **Put simply, the District does not need to raise the sales tax in order to fully fund critical investments.** The Council worked closely with agencies and the CFO to identify savings across the entire District in order to **keep the sales tax rate at 5.75%.** The Council identified adequate savings to keep the sales tax rate at 5.75% while funding the Mayor’s priorities. **The Council also funded investments that will create more affordable housing, increase our ability to end chronic homelessness by 2017, and create pathways to the middle class through education and job training.**

For most of the past 20 years or so, the District’s sales tax rate has been 5.75%. It was only in 2010, at the height of the Great Recession, that the District made the decision to raise the sales tax to 6.0% in order to avoid further and deeper cuts to critical city programs and services. By 2013, as a result of efforts by the District to combat the recession, the economy had improved substantially enough to allow the Council to bring the sales tax back down to its historic rate of 5.75%. **Increasing this rate again is bad tax policy.** Businesses and individuals look for stability in the tax rates in order to plan for the future and invest in our city. In addition, the **sales tax is inherently regressive, disproportionately affecting low and middle income residents.** The budget for Fiscal Year 2016 makes numerous critical investments in programs to

¹ Pursuant to court order, affirmative approval by the Congress is also required. See *Council v. Gray*, Civ. Action No. 14-655 (D.D.C. May 19, 2014).

meet the needs of these District residents, and increasing the sales tax could undermine the effectiveness of those investments.

To be clear, the Council is not opposed to increasing the sales tax during tough economic times, or when revenues are stagnant or declining. Raising the sales tax can provide short term relief in those situations to avoid deeper cuts to programs or services. But the District is not in that situation. **Revenues are healthy and increasing.** Economic indicators show that the **District's economy is robust and growing.** As such, the Council increased funding for critical investments to bolster economic growth while maintaining the current sales tax rate of 5.75%.

In addition to proposing an increase to the sales tax rate, the Mayor also proposed increasing the parking sales tax from 18% to 22%. Taxes collected for parking in garages across the city are dedicated to funding the District's contribution to the Washington Metropolitan Area Transit Authority ("WMATA"). The Council is committed to providing WMATA the resources it needs to fund capital improvements, maintain peak service, and deliver on the transportation needs of both District residents and tourists. However, like the sales tax increase, the Council believes that we can fully fund our commitment to WMATA without such a dramatic increase to the parking tax. Therefore, the Council will **push out the effective date of the increase in the parking tax to FY 2018**, keeping the parking tax rate at its current level in Fiscal Year 2016 and Fiscal Year 2017. If end of year revenues are such that the District is able to pay off the FEMS overtime settlement in Fiscal Year 2015, then the funds set aside in Paygo Contingency in FY 2018-2019 for the settlement will be used to completely eliminate the increase in the parking taxes.

In 2011, the Council established the **Tax Revision Commission** ("Commission") and charged it with identifying ways to make the tax code more progressive, broad, and fair. During the formulation of the FY 2015 budget, the Council formulated a package to execute the recommendations of the Commission. When fully implemented, these tax reforms will result in the most progressive tax reform anywhere in the country. In fact, since passage of these reforms, the Council's efforts have won praise and accolades from across the country. Two of the country's three bond-ratings agencies (Fitch and Standard & Poor's) raised the District credit rating in September of 2014 while the third maintained the already high rating. **The Institute on Taxation and Economic Policy ("ITEP") described the District as "the number one spot for enacting a progressive tax reform package."** ITEP went on to state that once fully implemented, the **District's low income residents will pay the lowest share in taxes of the residents of any state in the country.** Citing the ITEP report, the New York Times called out the District as **"the only system that taxes the poorest 20 percent less than the top 1 percent."** Finally, the nonpartisan Tax Foundation presented Chairman Phil Mendelson with the **2014 Outstanding Achievement in State Tax Reform** for these progressive and effective tax changes.

Significant tax relief went into effect in tax year 2015, with the remaining tax relief subject to triggers as revenues increase. The Council's budget modifies the trigger language passed last year to **push forward tax relief to tax year 2016 if June and September 2015 revenue**

estimates increase over the February 2015 estimate. With this change, and contingent upon available revenues, District residents and business will be able to benefit from additional tax relief in tax year 2016, instead of having to wait until 2017, as originally proposed.

During the Council’s review of the budget, it looked for any additional tax loopholes that could be closed in order to protect the progressive intent of the tax code. Although the District’s **Combined Reporting** laws prevent corporate tax filers from avoiding taxation by moving profits to off-shore subsidiaries that lie in “tax-haven” jurisdictions, it does not name specific countries that are considered tax havens. Two states, Montana and Oregon, passed legislation that explicitly states which countries are considered tax havens in order to better capture taxes on corporate profits that should be taxed, but were avoided due to the vague statutory definition of tax haven. Therefore, the Council followed the lead of these states and implemented a **more stringent and effective tax haven legislation to capture the correct corporate taxes owed to the District.**

As part of the proposed budget for FY 2016, the Mayor included a small, but not insignificant tax change related to the **standard deduction**. The proposed change would have made the standard deduction for households that file as Married Filing Separate equal to one half of the standard deduction for those filing as Married Filing Jointly. Essentially, this change would impose a **marriage penalty for low and moderate income residents that do not itemize their deductions**. For example, households that earn \$25,000 per year would see their income taxes rise around \$125 per year while households earning \$75,000 per would see their income taxes rise, on average \$175 per year. A higher income household who itemizes their taxes would not be subject to this regressive penalty. Therefore, **the Council identified the funds necessary to reverse this change** and preserve the progressive and fair nature of the tax code.

The **Union Market District** is a once in a generation opportunity to create a dynamic 45-acre, 8 million square foot mixed-use development in Ward 5 that implements the vision and goals of the Council-adopted Small Area Plan assembled by the Office of Planning in 2009. The development will realize the Plan's goals of densification, introducing a vibrant mix of uses, transit-oriented development and a connected network of public realm improvements.

To support this transformative project, the Council is including the **Union Market TIF Inducement Act of 2015** in the BSA. This subtitle demonstrates the Council’s support of TIF notes or bonds (TIF) to pay for a portion of the public infrastructure needs at the Union Market District. The source of repayment for the TIF will be incremental tax revenue from the site, which would not be realized but for the new development. This project should not need additional credit enhancement from the Downtown TIF Area or the general fund to generate sufficient tax revenue to support the TIF. The amount and issuance of the TIF will be dependent upon negotiations between Edens, the developer of the project, the Deputy Mayor for Planning and Economic Development and the Chief Financial Officer. The issuance of the TIF to finance the project and the terms of the resolution approving the issuance of the TIF Bonds will be approved by the Council in a separate Act.

In FY 2017, the District is scheduled to implement a provision whereby each year 25% of the increase in the District's revenues over the previous year will be dedicated to support construction of the new streetcar system. **The Pay-as-you-go Capital Account Amendment Act of 2015** will instead implement this provision starting in FY 2020. Though delaying implementation of this provision will decrease near-term funding for the system by \$168 million, the Council supports the Mayor's decision to postpone expansion of the streetcar network and place DDOT's near-term focus on beginning passenger service for the initial segment of the DC Streetcar system.

The Pay-as-you-go Capital Account Amendment Act is expected to dedicate an additional \$57 million of local funds to the capital budget in FY 2020, \$59 million in FY2021. The Council supports efforts to reduce the District's reliance on borrowing, but the \$132 million increase in Paygo proposed by the Mayor in FY 2020 could force reductions in the operating budget. The Council's budget adjusts the amount of local funding used for capital projects in the out years in order to maintain the sustainability of the capital plan.

The **Capital Project Review and Reconciliation Act of 2015** will authorize the Chief Financial Officer to transfer surplus capital budget associated with expired intra-District memoranda of understanding to DDOT's Alley Rehabilitation project. The budget will be used to address DDOT's lengthy alley repair backlog. Unexpended budget associated with closed or inactive capital projects will also be transferred to the Alley Rehabilitation project. We estimate that this effort should provide **an additional \$6 million for city-wide alley rehabilitation in FY 2016.**

The Council funded a few **tax abatements that will forgive the property taxes owed at affordable housing developments in the District.** When a tax abatement is requested, the CFO conducts an Tax Abatement Financial Analysis ("TAFA") to determine if an abatement of the property taxes is necessary. Only those tax abatements where the CFO concluded that the abatement was necessary for the success of the project were funded in the budget.

Finally, this **budget will grandfather in the real property tax relief provided to DC government employees who closed on an Employer-Assisted Housing Program ("EAHP") loan prior to March 30, 2015** and allow FDIC institutions serving the District government to use **Federal Home Loan Bank ("FHLBank") letters of credit** as collateral for District of Columbia public deposits.

Human Support Services

In the area of **Human Services** the Council remains committed to addressing the homeless crisis affecting thousands of individuals and families across the District. During this most recent hypothermia season, more than 900 families sought shelter. With insufficient resources and trouble exiting families, the District had to rely on motels across the city to ensure every household in need of shelter, received shelter. The most recent Point-in-Time (PIT) count found that the District had 3,821 single individuals and 1,131 families experiencing homeless including 2,049 children. Additionally, 1,592 homeless adults and 66 families met the definition

for being chronically homeless. Also of note, the PIT count found that **40% of adults in homeless families and 20% of single homeless adults are employed.**

Addressing the needs of these residents and **working to end homelessness is a top priority for both the Mayor and the Council.** In March of 2015, the Interagency Council on Homelessness released their new five-year strategic plan, Homeward DC. This roadmap lays out the necessary steps to achieve the dual goals of ending chronic homelessness by 2017 and making homelessness “rare, brief, and non-recurring” by 2020. Reaching these goals requires wholesale systemic change across our homeless and housing services for both individuals, and families.

To achieve this goal, the Council fully supports the funding proposed by the Mayor which provides some, but not all of the money necessary to begin implementation of this plan. The Council believes that the District can only end chronic homelessness and make the necessary systemic changes to the entire homeless system if we **fully invest** in our shared strategic goals. Therefore, the **Council invested the additional \$9 million necessary close to the gap in funding for the investments outlined in Homeward DC.** This includes an additional \$1.8 million to ensure that another 115 individuals in need receive the intensive housing and services needed through the **Permanent Supportive Housing** program. An additional **\$2.3 million in the Targeted Affordable Housing** program will provide long-term vouchers through the Local Rent Supplement Program for an additional 180 chronically homeless individuals. Finally, the District directed **\$5 million to the Local Rent Supplement Program** to support tenant-based vouchers to provide affordable housing to 333 families currently on the DC Housing Authority wait list.

Although these critical investments will begin the necessary and long overdue process of overhauling our homeless services system, the District must also invest in more specific and targeted approaches to assisting households experiencing homelessness. During the development of Homeward DC, data showed that an increasing number of families experiencing homelessness are headed by youth up to age 24. However, the data showed that a smaller, but growing subset of this population are parents currently under the age of 18. To meet the unique service needs of this population, the Council set aside an additional **\$500,000 to provide targeted services to minor-headed households.**

The Council also supports the important goal of finally closing the dilapidated family homeless shelter located on the campus of the former **DC General Hospital** and the Mayor’s initiative to build better, smaller and more effective family shelter buildings across the District.

While we invest in homeless services, we must also take action to prevent District residents from becoming homeless in the first place. To achieve this goal the Council is restoring the proposed cut of **\$500,000 to the Emergency Rental Assistance Program (“ERAP”).** This program is always oversubscribed and provides critical, short-term rental assistance to individuals and households at risk of becoming homeless.

In addition to critical investments to overhaul the provision of services to DC residents experiencing homelessness, the Council also took significant steps in the area of human services to protect critical safety net programs and address various needs of District residents. One area of focus for the Council is addressing the needs of victims of **domestic violence**. The most recent PIT count found that domestic violence is the leading cause of homelessness in the District and the number of households experiencing homelessness as a result of a domestic violence incident is on the rise. Therefore, the Council added \$719,000 within the **Domestic Violence Services** program at the Department of Human Services. This critical additional funding will bolster the supportive services to assist victims of domestic violence. The Council also fully restored \$2.6 million to the **Crime Victims Assistance Fund** which helps fund outreach services for crime victims as well as improve how the District addresses reports of child abuse, neglect, and domestic violence. The Council also added funding to the Office of Victims Services to improve the District's supports for victims of domestic violence.

The District also provides support to some of the most vulnerable residents in the form of cash assistance through the **Temporary Assistance for Needy Families ("TANF")** program. Currently, TANF recipients who have been enrolled for more than 60 months are scheduled to see their benefits disappear in FY 2016. Although the Council believes that providing indefinite, locally funded assistance for these residents is not the most effective anti-poverty tool; the Council also believes that we cannot cut these benefits off until we have provided adequate supports for families to leave TANF through job opportunities and self-sufficiency. **Therefore, the Council supports the Mayor in providing a one-year delay in TANF benefits for households over the 60 month time limit.** This increase in funding comes with a joint commitment between the Council and the Executive to provide these households with the services they need to achieve full employment and move off of the TANF program next year.

Finally in the area of human services, the Council funded critical investments necessary to help youth who are committing status offenses like truancy or curfew violation, and their families, receive the services and supports to address the underlying cause of these issues and prevent further escalation or prosecution. To achieve this goal, the Council provided \$750,000 million to fund additional services through the **Parent and Adolescent Support Services ("PASS")** program. This voluntary intervention program supports youth and their families by providing assessments, case management, and linkages to services like therapy, mentoring, and parenting resources.

In the area of **public health**, the Council supports a number of investments critical to protecting the health and safety of District residents. This commitment includes providing funding geared at assisting youth across the District. Through public and private funding over the past several years, the District has made considerable strides in decreasing the teen pregnancy rate. However, much of the available private money has disappeared. Because the Council believes in the effectiveness of these programs, \$1.3 million of recurring funds were added to the **Teen Pregnancy Prevention Fund** for the continuation of these programs.

Although rates of teen pregnancy have been on the decline, the District has seen a slight increase in the rates of **infant mortality**. Though previously on the decline, the most recent report on the District's infant mortality rate showed a rise from 7.4 infant deaths per 1,000 live births to 7.9 infant deaths per live births. Even at the low rate of 7.4, the District still remained above the national average of 6.1. Therefore, the Council directed \$400,000 to the Community Health Administration within the Department of Health to increase our efforts to address growing rates of infant mortality.

Infant mortality rates are just one public health issue the District tracks and works hard to address. Thanks in large part to critical local and federal investments; the District has faced its HIV/AIDS epidemic head on and begun to make considerable progress in preventing new infections, catching infections early, and decreasing the viral loads of persons living with HIV/AIDS. Critical to the successful treatment of HIV/AIDS is stable housing that enables the individual to effectively follow the time-sensitive medical regimen associated with HIV/AIDS medications. Although the Federal government provides resources through the **Housing Opportunities for Persons with AIDS ("HOPWA")** program, the District's award from this grant funding is decreasing. The Council therefore added \$500,000 to partially restore funding for this program.

Over the past several fiscal years, the Council committed to funding various programs across multiple agencies that promote healthy eating and access to healthy foods. These investments included the creation of a locally funded add-on to the **Supplemental Nutrition Assistance Program** along with funding for healthy corner stores and farmers markets across the District. For FY 2016, the Council provided \$122,000 to fund the Cottage Act Amendment of 2013. This legislation allows individuals to prepare food in their residential kitchens in order to sell to the public. An additional \$350,000 expands the **Produce Plus Program** at the Department of Health. This farmers' market incentive program increases access to healthy and nutritious food options by giving additional assistance to eligible families to purchase food in one of the markets across the city.

Finally, the Council remains committed to funding grants across the District that provide critical after school and summer programming for youth. The Council believes that providing safe places for youth to spend time is a critical investment to helping support children. Therefore, the Council committed \$4.2 million, an additional \$1.2 million over the Mayor's request, to increase funding for grants administered by the **DC Trust**.

The Council remains committed to improving the quality of life and government services for both youth and the District's older residents. Over the past several years, the Council made ongoing and increasing investments at the **D.C. Office on Aging ("DCOA")**. With these investments the DCOA has been able to expand hours at Senior Centers, increase transportation services, and provide greater services for residents. For FY 2016, the Council provided \$200,000 to restore lost funding for senior meals. The Council also provided \$100,000 that will allow DCOA to study the feasibility of creating virtual senior centers in those wards that don't currently have locations for senior centers.

The Council believes firmly in providing comprehensive health care to all District residents. In achieving the goal, the Council supported an early expansion of the Medicaid program under the Affordable Care Act, built one of the most successful exchanges in the nation, DC Health Link, and funds the Alliance, a local program for low-income residents not eligible for Medicaid. Through the Medicaid program, over 200,000 District residents receive a complete panoply of medical services such as mental health, prescription drugs, physician services, nursing facility services, along with inpatient and outpatient hospital services.

The District's Medicaid program has been successful as a result of providing payment for services to physicians, hospitals, and other medical providers that meet or exceed national averages. For example, the District committed to reimbursing hospitals for inpatient services at 98% of cost, significantly above the national average of 87%. Providing a reimbursement rate this high helps to protect the extensive network of providers necessary to meet the needs of the Medicaid population. However, the FY 2016 proposed budget found savings of \$10.4 million by reducing the rate paid to hospitals. Because of the District's high match for Medicaid dollars from the federal government, this would have resulted in a more than \$25 million loss in funding for District hospitals.

Therefore, the Council worked collaboratively with the hospitals and DHCF to create a **one-year provider fee that will raise the \$10.4 million from the hospitals themselves, in order to draw down the federal dollars and continue providing services at the optimum level.** The hospitals went even further and agreed to a provider fee that will also raise the reimbursement rate for outpatient hospital services in FY 2016.

On the capital side, the Council is investing **\$3.5 million at Marie Reed Community Learning Center to increase the clinic space** and expand the integrated medical, dental, and behavioral health services it currently provides - largely to families below 200 percent of the poverty line. The modernization of Marie Reed has been envisioned by the community as a neighborhood hub for services. Providing healthcare is a vital part of the vision, but the existing facility is badly in need of upgrades to bring it up to standard and offer a comfortable, dignified space for health and wellness.

The District remains committed to moving control of the Not-for-Profit Hospital Corporation commonly referred to as **United Medical Center** ("UMC") to a private partner. The FY 2016 – FY 2021 budget will invest \$121.4 million in the UMC facility. As recommended by the District's consultant, Huron Consulting Group, the District is making the capital investments necessary to improve the current UMC facility, attract an operating partner, rebrand UMC, encourage more residents to utilize the facility's services, and improve patient services.

Economic Development and Regulation

The need to create and preserve affordable housing in all wards across the District is a top priority for the Council. A recent study by the DC Fiscal Policy Institute highlighted just how

great the need is for affordable housing for low and moderate income households. Since 2002, the District has lost roughly 25,000 units priced at \$800 per month or less, while the overall housing stock has increased by 18,000 units. Likewise, the District lost roughly 7,500 units of rental units priced between \$800 and \$1000 per month. While units available to low and middle income residents have declined, the number of units priced over \$1,600 per month rose from about 20,000 to almost 57,000 between 2002 and 2013.

Increasing rents coupled with wages that have been stagnant over the past several years have created rent burdens for both low and moderate income households. Among families of four, fully two-thirds with an income below \$32,000 spend more than half their income on housing. Even one-third households with incomes up to \$54,000 a year spend a majority of their income on rent.

Therefore, the Council took a number of critical steps in the FY 2016 budget to aggressively address the need for affordable housing across the District. First and foremost, the Council maintained the Mayor's **\$100 million** commitment to the **Housing Production Trust Fund**. This fund helps support the development of affordable housing units at 0-30% AMI, 31-50% of AMI and 51-80% AMI. With the number of projects already in the pipeline utilizing the \$175 million already in the fund, these new funds will result in 4,500 affordable housing units built or preserved.

The Council also added language in the Budget Support Act that allows the Department of Housing and Community Development ("DHCD") to **forgive portions of HPTF subsidies in order to prevent homebuyers from having negative equity when they purchase their homes**. Negative equity often occurs in parts of the District where the cost of building a unit may be more than the market-value. By forgiving these portions of the HPTF subsidies, the District can avoid efforts that create a disincentive to purchasing units in certain areas across the District.

One way the District increases access to affordable housing is through the **Local Rent Supplement Program** ("LRSP") which provides long-term locally funded housing vouchers for thousands of low-income residents. However, tens of thousands of households are currently on the DC Housing Authority waitlist for a voucher so the **Council added \$5 million in tenant-based LRSP to help house an additional 333 families** on the waitlist. Beginning in FY 2016, in collaboration with the Department of Human Services, the District will launch a new **Targeted Affordable Housing** program ("TAH") which utilizes LRSP vouchers to better match families and individuals experiencing homelessness with the correct amount of housing and supportive services. **The Council allocated an additional \$2.3 million so that TAH can fully support 330 individuals and 147 families.**

To help District residents prevent homelessness and displacement from the District altogether, the Council restored the \$119,000 to the **Emergency Housing Assistance Program** (EHAP) under the Office of the Tenant Advocate (OTA). This will allow the program to continue providing emergency housing to tenants who have been displaced from their homes due to a government closure or fire. These funds are in addition to the \$500,000 the Council added to

restore DHS's Emergency Rental Assistance Program (ERAP). OTA will also receive funding for two new attorney-advisor positions. With these two added positions, OTA will be better equipped to provide more assistance to District residents as well as information about their rights and remedies regarding landlord tenant disputes.

The Council also believes in providing effective and robust job-training and workforce development programs to assist residents in finding and maintaining employment. In the FY 2015 budget, the Council funded a full-time Career Pathways Coordinator position within the Office of the Deputy Mayor for Planning and Economic Development to support the **Workforce Investment Council** ("WIC") and identify opportunities for alignment and collaboration between the District's education, workforce, and human services providers. In the FY 2016 budget, the Council will add \$500,000 to WIC's budget to support technical assistance, evaluation, and development of an RFP to **support the recommendations of the Career Pathways Taskforce**. This will allow the WIC to continue the vision of putting our DC residents to work and keeping them employed and helping our businesses thrive by providing them with well-trained workers and resources.

At the Deputy Mayor for Planning and Economic Development the Council modified and expanded the Great Streets program to both protect the promise made to businesses along the H St corridor as well as to provide greater support for neighborhoods citywide. **The Great Streets program will make \$8 million available for grants** to qualified businesses in FY 2016; \$4M for the H Street RPA and \$4 million for RPAs citywide. While the Council rejected the use of the H St RPA TIF funds for a proposed \$3 million grant to high tech businesses, no other programmatic changes were made to the agency.

To ensure the District can keep up with the growing demand of housing and commercial inspections, the Council funded two new FTEs for the **Department of Consumer and Regulatory Affairs** ("DCRA") in Enforcement and Permitting. With this enhancement, DCRA can continue the mission of improving the expediency and efficiency of the agency.

The Council will continue its investment in DC's Clean Team and Main Streets Programs. These two programs under **the Department of Small and Local Business Development** will continue contributing to the city's workforce development goals and supporting the enhancement of key neighborhood commercial corridor, making it cleaner and safer for local residents and visitors. The Council is enhancing funding to each of the 21 Clean Teams to provide a living wage to all employees and adding two new Main Streets to the program.

Public Education

The Council remains committed to improving public education, literacy and career readiness for all citizens of the District. While overall enrollment in the District's public schools has been increasing, the 2015-2016 enrollment projection for the public charter schools in the Mayor's proposed budget was found to be overstated. The savings realized from rightsizing the charter enrollment were reinvested in the public education system. Council invested \$2 million

of that savings to fund a **1.7 percent increase to the charter school facilities allotment** and created a \$1.7 million enrollment reserve at the public charter schools. \$1 million was allocated to **DC Public Schools** to account for an anticipated increase in student enrollment. The Committee on Education added \$695,000 into the DCPS enrollment fund in recognition of funding issues at both Wilson High School and Ballou High School. The Council is adding an additional \$504,000 for the enrollment fund, recognizing the disagreement about the funding necessary for Wilson High School next school year.

Significant increases were also made to the **Office of the State Superintendent of Public Education (“OSSE”)** to fund several programs including: \$1.6 million for an early childhood literacy program to provide literacy intervention services for children in Pre-K3 through third grade; \$200,000 to expand the Community Schools Program to an additional school and \$66,000 to perform an evaluation of the current Community Schools program. The Council also added \$450,000 for SAT and ACT preparation testing for all District public high school student; \$324,634 for an Environmental Literacy pilot program; and \$40,806 to the state athletics program office. Finally, the Council allocated \$77,000 to the **State Board of Education** for an intake specialist position in the Office of the Ombudsman.

More than a fifth of all children in the United States under the age of five are overweight or obese, and the figures in the District – which has one of the highest rates of child obesity in the nation – are believed to be even worse. The personal and societal costs associated with this situation are significant. To combat overweight and obesity in the District’s toddlers, the **Healthy Tots Act establishes nutritional standards for qualifying preschools and assists them in qualifying for meals that can be reimbursed by the federal government.** The Council added \$3.3 million to OSSE in the FY 2015 budget for the implementation of the **Healthy Tots Act of 2014.** The Act was not implemented in FY 2015 and in the proposed FY 2016 budget; the Mayor eliminated the program. The Council maintains that the goals of the Healthy Tots Act are critical and restored \$3.3 million to the budget at OSSE to begin the program.

The **District of Columbia Public Library (“DCPL”)** system provides valuable services to the neighborhoods where branches are located. Therefore, the Council felt it was important to restore \$970,000 that was cut from the library collections budget. Also, the Council restored \$300,000 to the public technology training program which provides computer training to citizens who do not have access to computers in their homes. DCPL continues its upgrade, and in some cases replacement, of its facilities. The Council demonstrated its commitment to the upkeep of these new and renovated facilities by adding \$1.4 million in capital funds for library maintenance.

The Council also funded the **Books from Birth Establishment Act of 2015.** Research shows that literacy gaps appear before students start taking standardized tests. Preschoolers who have access to books and adults who read to them will have heard 30 million more words at home by the age of four than children who do not. This “word gap” has implications throughout a student’s academic career and beyond. Through Books from Birth, DCPL will deliver an age-

appropriate book per month by mail to every child registered in the program from birth or the time of registration, until his or her fifth birthday.

In its deliberations on the school modernization budget, the Council developed an **analytical tool for ranking school modernizations**. The tool is designed to evaluate and objectively rank each school modernization project. The tool weighs three base categories: equity (50%), demand (30%) and community (20%). Equity considers the current condition of the school, date and type of last construction at the school, and any current fiscal year improvements in progress. Demand includes the enrollment growth at a school as well as community utilization of the building. Community ranks the need for “by-right” enrollment at the school, growth in child population in the surrounding neighborhood and the estimate of pre-K enrollment. Bonus categories include whether or not the school is currently using portables and the number of “at-risk” students attending the school. The tool was the basis for prioritizing school construction projects; however, the Council did not move or defund projects that may not have scored high in the rankings but are in the architectural planning stages or schools that have been promised a modernization that never occurred.

The Council amended the Mayor’s proposed Capital Improvement Plan by reallocating \$12 million in unspent allotment from closed projects and reallocated proposed capital funds to fund planning and/or construction in FY 2016 including, **Hyde-Addison ES (\$8.4 million), Kimball ES (\$18 million), Orr ES (\$1 million), Maury ES (\$5.8 million), Lafayette ES (\$56 million), Garrison ES (\$20 million), Marie Reed (\$34 million), Murch ES (\$30 million), Watkins ES (\$20 million)** and a new **Ward 7 Specialty School (\$20.5 million)**.

The Council continues its support for the only public college in the District, the **University of the District of Columbia (“UDC”)**. Through the academic programs at the University’s flagship campus, the nationally recognized clinical program at the David A. Clarke School of Law and job training programs at the Community College, UDC strives to meet the higher education and workforce training needs of District residents. For FY 2016, the Council restored \$3.5 million to the District’s subsidy to the University that was cut in the Mayor’s proposed budget. The Council is continuing the \$1 million in matching funds for the University to intensify its fundraising efforts. The Council also restored \$15 million in capital funds for the University to continue their ambitious facilities improvement plan.

Public Works

The Council supports the efforts throughout the District to find and implement solutions to modern infrastructure and environmental challenges. Through careful review of the District’s public works agencies, cost efficiency savings were identified that will enable the District to advance transportation and environmental goals pivotal to the growing needs of the city. The budget realignments maintain current service level of existing programs, while supporting the District’s desire to grow as an attractive and progressive urban center.

The District’s MoveDC plan offers a series of recommendations to alleviate congestion over the next 25 years as the District grows. However, the plan does not offer immediate solutions for

the existing congestion issues. Therefore, the Council provided \$1.5 million for a **Congestion Management Study** that will analyze the current state of congestion in the District and provide recommendations, which DDOT can put into action in the next year, three years, and five years.

Sidewalk congestion and improved walkability, especially in commercial corridors, has become another important transportation challenge for the District. Under current law, DDOT may grant a permit for the use of curbside space ordinarily reserved for vehicular parking, to be used by pedestrians. By implementing the **Public Parking Space Rental Fee Abatement Program**, which shifts \$120,000 to the Business Improvement District (“BID”) Parking Abatement Fund, DDOT can offset lost revenue from parking permits. The Georgetown BID will also be provided with \$35,000 for an **Aerial Transport Study**, to analyze an aerial gondola system between the Rosslyn Metro station and the west side of Georgetown.

The Council is funding DDOT with \$255,151 and three FTEs that will be added to the Public Space Inspections division to monitor ongoing construction and find public space violations. The additional **Public Space Inspectors** will improve DDOT’s ability to ensure that public space is being restored in a manner that benefits all residents of the District. A modified version of the **Transportation Reorganization Act**, which would restructure DDOT and examine the division of responsibilities and authority between the District’s various transportation agencies, is supported with \$450,000 in one-time funds.

The Council is directing an additional \$1.2 million to the District Department of the Environment (“DDOE”) and the Department of Public Works (“DPW”) to bolster the District’s various green programs and sustainable policies. Of this total, \$50,000 will support a residential composting study at DPE and \$100,000 will replace approximately 230 public trash cans. \$250,000 was allocated to DDOE to provide a grant for a study to evaluate the cost and benefits of establishing a municipally owned public electric utility. The Council is restoring \$637,000 and six FTEs to the **Office of Waste Diversion** within DPW as required by the Sustainable Solid Waste Management Amendment Act of 2014, which is vital for the District’s progress towards “zero waste”.

Sustainable DC is receiving an additional \$162,000 to fund two provisions of the **Sustainable DC Omnibus Act of 2014**. Those provisions allow the District to enforce the law’s requirement that employers with 20 or more employees provide transportation benefit programs to employees, and require District food service businesses to offer only recyclable or compostable disposable food service ware to customers.

This year the Mayor proposed a capital budget for the **DC Streetcar** that gives priority to the H Street Line. The Committee supports DDOT’s methodical and determined approach to making the **H Street Line** successful and believes that the quality and convenience of its connection to Union Station and Metrorail will be an important factor in determining its level of success.

The H Street Bridge is an important link in the streetcar line and its connection to the larger transit network, and the replacement project offers an opportunity to improve those connections. The bridge will also become an integral part of the Union Station and Burnham Place redevelopment projects. The Committee supports DDOT's efforts to coordinate the bridge replacement with the Union Station Redevelopment Authority, Amtrak, and Akridge and urges DDOT to make the bridge replacement project a priority. The Mayor's budget created a separate project for the H Street Bridge project and gave it \$132 million of capital allotment but the project is estimated to cost at least \$200 million. Federal funding will be needed. The Council's budget funds the H Street Bridge project at \$200 million and assumes that 50 percent of the funding will come from federal sources. The project is also budgeted to allow for completion in FY 2019, before the H Street Line is extended from the H Street Bridge to Georgetown, in order to minimize disruptions to streetcar service.

Finally, the Council also made a few minor adjustments in the areas of traffic enforcement. Premium zones are located in high volume locations across the District and the rates charged by the District for meters in these zones are less than most major urban centers across the country. The Council extended the hours of enforcement from 10:00pm until midnight which will raise just over \$3 million in FY 2016, and \$10 million in each year of the financial plan. In addition, currently when parking meters expire, the fine is \$25. The Council incrementally increased this fine to \$30 which will raise just under \$1 million each fiscal year. Finally, the Council also incrementally increased the fine for parking beyond the time limit in a residential parking zone from \$30 to \$35 which raises about \$300,000 per year.

Public Safety and Justice

The Council's budget for Public Safety and Justice ensures that the District's public safety agencies have the resources and tools necessary to fulfill their core mission and best serve District residents. To promote accountability, transparency, and justice in the delivery of police services, the Council provides funding for 1,600 body-worn cameras for the **Metropolitan Police Department** -- four times the number of cameras currently in use by the agency. This is a more realistic number of body-worn cameras for the agency to deploy than was originally proposed for the upcoming fiscal year, and will allow MPD to create a more comprehensive program. To that end, the Council includes the **Body-Worn Camera Regulation and Reporting Requirements** subtitle in the Fiscal Year 2016 Budget Support Act. This subtitle requires the Mayor, in consultation with an advisory group, to develop proposed rules for the body-worn camera program.

For the newly-elected and now statutorily independent **Office of the Attorney General**, the Council expands the authority of the agency and creates a non-lapsing fund to assist the agency in addressing its litigation support needs. The **Attorney General Authority and Litigation Fund Establishment** subtitle in the BSA expands the authority of the agency with regard to personnel and procurement matters, and provides for subpoena authority limited to the area of consumer protection. The Council also establishes a Litigation Support Fund to be funded from a portion of litigation recoveries. Finally, the Council added an additional 4FTEs within the equity division and 1 FTE for public safety division.

To fund vital programs that offer assistance to those affected by crime or in urgent need of legal support, the Council provides additional funding for the **Justice Grants Administration (JGA)**. In order to assist with the representational needs of the District's low-income population, the Council increases funding for the **Access to Justice Initiative** by \$750,000. There is \$300,000 dedicated in the Council's budget to restoring a **Domestic Violence Hotline**, and \$2.0 million is identified in the budget to reverse the proposed sweep of the **Crime Victim Assistance Fund**. These funds are in addition to the \$719,000 for DV at DHS. Further, in order to continue the important work being advanced through grant dollars to address **Truancy**, the Council provides an additional \$1.75 million to JGA.

The Council also provides increased funding for important improvements to the District's Integrated Justice Information System (JUSTIS) serviced by the **Criminal Justice Coordinating Council**. The nearly \$500,000 allows for upgrades and enhanced capabilities to enhance justice system information needs in the District. Similarly, the Council identifies additional funding for personnel to enable the completion of a five-year evaluation study of sentencing data currently being conducted by the **Sentencing and Criminal Code Revision Commission**.

In order to better meet the needs of those District residents currently incarcerated or soon to return to society, the Council increases the staffing and resources of the **Corrections Information Council** to allow that agency to better monitor the treatment of District inmates housed at U.S. Bureau of Prison facilities as well as those currently being held at the Department of Corrections (DOC). The Council also provides additional grant dollars to fund increased services for those incarcerated at DOC or being released from that facility.

Government Direction and Support

In the area of Government Direction and Support, a number of efficiencies were identified that allow the Council to fund initiatives to improve services government-wide. These efforts include expanding and improving upon the government's interactions with the public, investing in human capital by safeguarding public employees' health and wellness, and improving the procurement appeals process.

As part of its continued efforts to hold elected officials, agency heads, and government employees accountable, the Council added \$210,000 to the **Board of Ethics and Government Accountability** to fund two new positions. The Council also increased membership of the board from 3 members to 5 in order to provide more views on the Board and ensure the Board can act decisively and effectively.

The Council also supports improving the quality of life for residents of, and visitors to, the District. In FY 2016, the Council added \$200,000 to the **Office of Planning** to create a **cultural plan** for the District. This funding will allow the Office of Planning to examine the varied cultural needs of the District in order to further the growth and vibrancy in all District neighborhoods. In addition, the Council added \$110,000 for a **food policy director** to guide the District's approach to ensuring access to healthy and affordable food.

One way residents and businesses thrive in the District is through efforts and programs supported by various **Business Improvement Districts** (“BID”) across the city. However, a number of new and growing commercial areas are unable yet to form a BID and fully benefit from the coordination and services they provide. Therefore, the Council allocated \$200,000 to the **Department of Small and Local Business Development** for a “DC Beautiful” pilot program in those areas of the District without a Business Improvement District program. Finally, the Council added \$75,000 to the **Executive Office of the Mayor** to establish the **Office of Caribbean Community Affairs**.

General Budget

For the formulation of the FY 2016 budget, the Council unveiled a brand new tool, the **Annual Budget And Capital Uses System** or ABACUS. Built using database technology from IBM, ABACUS provides the Council with the ability to review, analyze, and revise the proposed budget in a more streamlined and transparent way. With ABACUS, all members and their staffs were able to see the budget broken down to its lowest levels and in a variety of configuration in order to gain an even further grasp of the intricacies of the budget as they proposed new initiatives and how to fund them. Most importantly, ABACUS allows the Council to provide a series of user-friendly graphs, charts, and reports that provide a more in-depth, and easier to understand, view of the changes made to the budget each year. Because of ABACUS, and the increased transparency it provides, the Council can do an even greater job reviewing the annual operating and capital budgets and more effectively communicate the investments made and the ways in which they are funded.

OPERATING BUDGET CHARTS

The following charts, compiled by the Council’s Office of the Budget Director, set forth the Mayor’s proposed operating budget and the Committee’s modifications thereto, which the Committee hereby recommends for adoption by the Council.

VI. IMPACT ON EXISTING LAW

Bill 21-157 represents the District’s budget request for Fiscal Year 2016, pursuant to section 446 of the Home Rule Act, and does not amend existing District law.

As set forth in the Home Rule Act, Bill 21-157 is effective only insofar as it is adopted by Congress.²

² It is the position of the Council that Law 19-321, the Budget Autonomy Act of 2012, was a valid exercise of the District’s authority to amend the District Charter pursuant to the provisions of the Home Rule Act. However, the Council is bound by the May 19, 2014 memorandum opinion and order of the U.S. District Court for the District of Columbia in *Council v. Gray*. In that order, the court enjoined the Council from implementing Law 19-321. The Council will treat the Mayor’s budget request as in past years, pursuant to Judge Sullivan’s ruling. The Council recommends that Congress expressly ratify the District’s action – approved overwhelmingly by District voters – and confirm the District’s authority to spend locally raised and locally kept funds. The Council notes that budget autonomy for the District enjoys broad bipartisan support and ratification of the Local Budget Autonomy Act would grant budget autonomy and preserve Congress’s prerogatives.

VII. FISCAL IMPACT

Bill 21-157 comprises the Council's adoption of the annual budget for the District government and establishes the availability of funding for the continuing operations of the District for Fiscal Year 2016. The bill also sets forth certain authorization requests in Division B which would not go into effect unless enacted by Congress.

VIII. SECTION-BY-SECTION ANALYSIS

DIVISION A - DISTRICT OF COLUMBIA APPROPRIATION REQUEST

<u>Section 1</u>	States the short title of Bill 21-157.
<u>Section 2</u>	Sets forth the expenditure levels and appropriation language for the government of the District for the fiscal year ending September 30, 2016. ³
<u>Section 101</u>	Would appropriate such sums as may be necessary to make refunds and pay legal settlements or judgments that have been entered against the District.
<u>Section 102</u>	Would authorize the District to approve reprogrammings of local funds through November 7, 2016.
<u>Section 103</u>	Sets forth authority and restrictions for the transfer of funds between the operating and capital budgets.
<u>Section 104</u>	Would prohibit the use of appropriated funds to provide District officers and employees with official vehicles, with certain exceptions.
<u>Section 105</u>	Would authorize the District, for fiscal year 2017 and each succeeding fiscal year, to spend local dollars as set forth in that year's budget request act during a lapse in regular appropriations. ⁴
<u>Section 106</u>	Would amend the Home Rule Act to alter the procedure for the Mayor's transmittal of the approved budget to the federal government.
<u>Section 107</u>	Would amend the Home Rule Act to provide budget and fiscal year autonomy for the District.

³ In some cases, such as the budget for capital projects, spending authority is established for periods extending beyond FY 2016.

⁴ Congress has already provided similar authority for FY 2014, FY 2015, and FY 2016..

- Section 108 Would provide for increased legislative autonomy for the District by repealing certain provisions of the Home Rule Act related to congressional action.
- Section 107 Would authorize the Attorney General to enter into contingency-fee contracts; would provide that in such circumstances, the costs, expenses, and fees need not be included in appropriated amounts.
- Section 108 Provides that the District shall not be required to include a moveable span in the replacement of the Frederick Douglass Memorial Bridge unless the federal government provides the funding for the moveable span.
- Section 109 Provides a technical clarification, defining the term “this Act” for purposes of Title IV of the Budget Request Act.

DIVISION B - DISTRICT OF COLUMBIA AUTHORIZATION REQUEST OMNIBUS PROVISIONS

- Section 201 Would provide for the congressional approval of the recent referendum, overwhelmingly approved by voters, to amend the District’s Home Rule Charter to provide for local budget autonomy. A similar provision was included in the Mayor’s budget proposal, and in the proposed budget submitted by the President of the United States. The Council recommends that Congress expressly ratify the District’s action and confirm the District’s authority to spend locally raised and locally kept funds. The Council notes that budget autonomy for the District enjoys broad bipartisan support, and ratification of the Local Budget Autonomy Act would grant budget autonomy and preserve Congress’s prerogatives.
- Section 202 Would repeal the triggers for reactivation of the District of Columbia Financial Responsibility and Management Assistance Authority.
- Section 203 Would streamline the process for congressional review of District legislation, allowing for District acts to take effect after 30 calendar days of congressional review (in place of the 30-session-day review period currently set forth in the Home Rule Act).
- Section 204 Would provide for reimbursement to the District Department of Corrections by the United States for costs related to the custody and care of certain felons.

<u>Section 205</u>	Would authorize the District to enter into a new Interstate Compact for Juveniles and to delegate power and authority to the Interstate Commission for Juveniles; would repeal the congressional reservation of authority for the right to alter, amend, or repeal the existing interstate compact.
<u>Section 206</u>	Would make a technical amendment to the Home Rule Act to add a definition for the term “Attorney General.”
<u>Section 207</u>	Would make a clarifying amendment to the Home Rule Act to update a citation to the Procurement Practices Act of 1986, which has since been superseded by the Procurement Practices Reform Act of 2010.
<u>Section 208</u>	Would enact into law sections 2, 3, and 4 of the Domestic Partnership Police and Fire Amendment Act of 2008.
<u>Section 209</u>	Would authorize the District to impose an income tax on non-residents whose source of income derives from District locally appropriated funds.
<u>Section 210</u>	Would authorize the District to impose an income tax on non-resident professional athletes.

OFFICE OF THE
SECRETARY

2015 APR -2 PM 4: 52

MURIEL BOWSER
MAYOR

April 2, 2015

The Honorable Phil Mendelson, Chairman
Council of the District of Columbia
1350 Pennsylvania Avenue, NW
Washington, DC 20004

Dear Chairman Mendelson:

On behalf of the residents of the District of Columbia, I am pleased to submit to you the District of Columbia Fiscal Year 2016 Budget and Financial Plan, entitled "Pathways to the Middle Class." Included in the submission you will find the "Fiscal Year 2016 Budget Request Act of 2015" and the "Fiscal Year 2016 Budget Support Act of 2015".

This proposal is the District of Columbia's twentieth consecutive balanced budget and represents a Fresh Start. As you know, the District faced a budget gap of \$193 million for FY 2016. This budget solves the gap and funds initiatives to prioritize affordable housing, preserve funding for education and public safety, and make investments to put DC on a path to end homelessness and improve our aging infrastructure. Each of these items was a key priority identified by District residents at the Mayor's public engagement forums held during the budget formulation process.

There are five overarching values that guide this budget and provide pathways to the middle class. These are improving: Education; Economic Opportunity; Public Safety; Neighborhoods; and the Environment and Infrastructure. Making investments in these priority areas will help ensure that our residents have a clearly defined pathway to the middle class and that DC remains a great place to live, work and play.

Below are some of the key investments in the FY 2016 Budget that help us to reach those goals:

Education

The FY 2016 budget ensures that funding for public education remains a top priority for the District and includes:

- \$31.4 million for increased enrollment at both DC Public Schools and DC public charter schools.

- \$317.3 million to modernize our elementary, middle and high school facilities.
- \$200,000 to expand the community schools model – which provides non-instructional wrap-around services to school children and their families to help them succeed — to an additional school.

Economic Opportunity

The FY 2016 budget makes investments to enhance job training services for our youth and helps put DC on a path toward ending homelessness for some of our most vulnerable families and individuals and includes:

- \$5.2 million to continue the expansion of the Marion Barry Summer Youth Employment Program by expanding the program to cover 21-24 year olds, raising the hourly wage to \$8.25 per hour for 16-21 year olds, and providing 6 weeks of transportation subsidies.
- \$1.5 million to expand career exploration, paid work experiences, self-advocacy training and work readiness training for high school students with disabilities.
- \$44.9 million in both capital and operating funds to create new family shelter options to replace DC General.
- \$13.7 million to begin funding DC's strategic path to end homelessness including funds for new prevention and rapid re-housing assistance for families and individuals, permanent supportive housing for families and individuals, targeted affordable housing units and a new daytime center for individuals to obtain social, housing, and employment supports.

Neighborhoods

The FY 2016 budget makes significant investments in affordable housing and neighborhood infrastructure to ensure our neighborhoods are affordable and attractive places to call home. This includes:

- Additional investment to the Housing Production Trust Fund that will provide \$100 million in resources to help create and preserve low- and moderate-income housing.
- \$166 million in capital funds over six years to upgrade alleys, sidewalks, and roads.
- \$2.4 million to provide rental assistance to low-income individuals and families.

Public Safety

The FY 2016 budget makes important investments in our front-line public safety workers with:

- \$5.1 million to increase the number of body-worn cameras for Metropolitan Police Department patrol officers.
- \$2.9 million to hire 48 new civilian positions within the Metropolitan Police Department, allowing more sworn officers to move from the desk to the street.
- \$2.5 million for a new Police Officers' Retention Pilot Program.

Environment and Infrastructure

The FY 2016 budget also includes important investments to improve our infrastructure including:

- \$323.4 million to fully fund the District's contribution to the Washington Metropolitan Area Transit Authority (WMATA) to prevent increases in fares or service reductions to Metrorail and Metrobus service.
- \$7.0 million to expand the Kids Ride Free program to Metrorail.

I look forward to the Council's review of this proposal and to working together to finalize and execute our budget for Fiscal Year 2016. Together, I know that we can work to help residents in every ward advance by ensuring they have the tools and resources they need to succeed, right here in the District.

Sincerely,

A handwritten signature in black ink, appearing to read "Muriel Bowser". The signature is stylized with a large, looping "M" and a cursive "Bowser".

Muriel Bowser

Chairman Phil Mendelson
at the request of the Mayor

A BILL

IN THE COUNCIL OF THE DISTRICT OF COLUMBIA

To adopt the request of the District of Columbia government for appropriation and authorization for the fiscal year ending September 30, 2016.

BE IT ENACTED BY THE COUNCIL OF THE DISTRICT OF COLUMBIA, That this act may be cited as the "Fiscal Year 2016 Budget Request Act of 2015".

Sec. 2. The Council of the District of Columbia approves the following expenditure levels and appropriation language for the government of the District of Columbia for the fiscal year ending September 30, 2016.

DIVISION A
DISTRICT OF COLUMBIA APPROPRIATION REQUEST
TITLE I--FEDERAL FUNDS

FEDERAL PAYMENT TO THE DISTRICT OF COLUMBIA COURTS

For salaries and expenses for the District of Columbia Courts, \$274,401,000, to be allocated as follows: for the District of Columbia Court of Appeals, \$14,192,000, of which not to exceed \$2,500 is for official reception and representation expenses; for the Superior Court of the District of Columbia, \$123,638,000, of which not to exceed \$2,500 is for official reception and representation expenses; for the District of Columbia Court System, \$73,981,000, of which not to exceed \$2,500 is for official reception and representation expenses; and \$62,590,000, to remain available until September 30, 2017, for capital improvements for District of Columbia courthouse facilities: Provided, That funds made available for capital improvements shall be expended consistent with the District of Columbia Courts master plan study and facilities condition assessment: Provided further, That notwithstanding any other provision of law, all amounts under this heading shall be apportioned quarterly by the Office of Management and Budget and obligated and expended in the same manner as funds appropriated for salaries and expenses of other Federal agencies: Provided further, That 30 days after providing written notice to the Committees on Appropriations of the House of Representatives and the Senate, the District of Columbia Courts may reallocate not more than \$6,000,000 of the funds provided under this heading among the items and entities funded under this heading: Provided further, That the Joint Committee on Judicial Administration in the District of Columbia may, by regulation, establish a program substantially similar to the program set forth in subchapter II of chapter 35 of title 5, United States Code, for employees of the District of Columbia Courts.

FEDERAL PAYMENT FOR DEFENDER SERVICES IN DISTRICT OF COLUMBIA COURTS

For payments authorized under section 11-2604 and section 11-2605, D.C. Official Code (relating to representation provided under the District of Columbia Criminal Justice Act), payments for counsel appointed in proceedings in the Family Court of the Superior Court of the District of Columbia under chapter 23 of title 16, D.C. TITLE IV--GENERAL PROVISIONS

Sec. 101. There are appropriated from the applicable funds of the District of Columbia such sums as may be necessary for making refunds and for the payment of legal settlements or judgments that have been entered against the District of Columbia government.

Sec. 102. The District of Columbia government is authorized to approve reprogramming and transfer requests of local funds under this Act through November 7, 2016.

Sec. 103. (a) Amounts appropriated in this Act as operating funds may be transferred to the District of Columbia's enterprise and capital funds and such amounts, once transferred, shall retain appropriation authority consistent with the provisions of this Act.

(b) The District of Columbia government is authorized to reprogram or transfer for operating expenses any local funds transferred or reprogrammed in this or the 4 prior fiscal years from operating funds to capital funds, and such amounts, once transferred or reprogrammed, shall retain appropriation authority consistent with the provisions of this Act.

(c) The District of Columbia government may not transfer or reprogram for operating expenses any funds derived from bonds, notes, or other obligations issued for capital projects.

Sec. 104. Except as otherwise provided in this section, none of the funds made available by this Act or by any other act may be used to provide any officer or employee of the District of Columbia with an official vehicle unless the officer or employee uses the vehicle only in the performance of the officer's or employee's official duties. For purposes of this section, the term "official duties" does not include travel between the officer's or employee's residence and workplace, except in the case of—

(1) an officer or employee of the Metropolitan Police Department who resides in the District of Columbia or a District of Columbia government employee as may otherwise be designated by the Chief of Police;

(2) at the discretion of the Fire Chief, an officer or employee of the District of Columbia Fire and Emergency Medical Services Department who resides in the District of Columbia and is on call 24 hours a day or is otherwise designated by the Fire Chief;

- (3) at the discretion of the Director of the Department of Corrections, an officer or employee of the District of Columbia Department of Corrections who resides in the District of Columbia and is on call 24 hours a day or is otherwise designated by the Director;
- (4) the Mayor of the District of Columbia; and
- (5) the Chairman of the Council of the District of Columbia.

Sec. 105. (a) During Fiscal Year 2017, and for each succeeding fiscal year, during a period in which neither a District of Columbia continuing resolution or a regular District of Columbia appropriation bill is in effect, local funds are appropriated in the amount provided for any project or activity for which local funds are provided in an enacted Budget Request Act as submitted to Congress (subject to any modifications enacted by the District of Columbia as of the beginning of the period during which this subsection is in effect) at the rate set forth by such Act.

(b) Appropriations made by subsection (a) shall cease to be available—

- (1) during any period in which a District of Columbia continuing resolution is in effect; or
- (2) upon the enactment into law of the regular District of Columbia appropriation bill.

(c) An appropriation made by subsection (a) is provided under the authority and conditions as provided under this Act and shall be available to the extent and in the manner that would be provided by this Act.

(d) An appropriation made by subsection (a) shall cover all obligations or expenditures incurred for such project or activity during the portion of the fiscal year for which this section applies to such project or activity.

(e) This section shall not apply to a project or activity during any period of the fiscal year if any other provision of law (other than an authorization of appropriations)—

- (1) makes an appropriation, makes funds available, or grants authority for such project or activity to continue for such period; or
- (2) specifically provides that no appropriation shall be made, no funds shall be made available, or no authority shall be granted for such project or activity to continue for such period.

(f) Nothing in this section shall be construed to affect obligations of the government of the District of Columbia mandated by other law.

(g) This section shall not apply if section 107 or 201 of this Act has been enacted.

Sec. 106. Section 446 of the District of Columbia Home Rule Act, approved December 24, 1973 (87 Stat. 801; D.C. Official Code § 1-204.46), is amended as follows:

(a) Strike the third sentence and insert the phrase "The Mayor shall submit to the President of the United States for transmission to Congress the portion of the budget so adopted with respect to federal funds and the Mayor shall notify the Speaker of the House of Representatives, and the President of the Senate, as to the portion of the budget so adopted with respect to local funds; provided, that in a control year (as defined in D.C. Official Code § 47-393(4)), the Mayor shall submit to the President of the United States for transmission to Congress the budget so adopted." in its place.

(b) Strike, in the fifth sentence, the phrase "the Mayor shall not transmit any annual budget or amendments or supplements thereto, to the President of the United States" and insert

the phrase “the Mayor shall not submit to the President of the United States, or, for a fiscal year which is not a control year, notify the Speaker of the House of Representatives and the President of the Senate regarding, any annual budget or amendments or supplements thereto” in its place.

Sec. 107. (a) Subpart 1 of part D of title IV of the District of Columbia Home Rule Act (D.C. Official Code, sec. 1–204.41 et seq.) is amended by inserting after section 446B the following new section:

"BUDGET AND FISCAL YEAR AUTONOMY

"Sec. 446C. (a) BUDGET AUTONOMY.—Notwithstanding the fourth sentence of section 446 of the Home Rule Act (D.C. Official Code, sec.1–204.46), the second and third sentences of section 447 of the Home Rule Act (D.C. Official Code, sec. 1–204.47), section 602(c) of the Home Rule Act (D.C. Official Code, sec.1–206.02(c)), or sections 816 and 817 of the Financial Services and General Government Appropriations Act, 2009 (D.C. Official Code, secs. 47–369.01 and 47–369.02), upon the enactment by the District of Columbia of the annual budget, or any amendments or supplements thereto, for a fiscal year, officers and employees of the District of Columbia government may obligate and expend District of Columbia funds and hire employees in accordance with that budget.

"(b) FISCAL YEAR AUTONOMY.—Notwithstanding section 441 of the Home Rule Act (D.C. Official Code, sec. 1–204.41), the fiscal year of the District government and any entity of the District government shall commence and end on such dates as may be established by the District of Columbia. "

"(c) EXCEPTION FOR CONTROL YEAR.—Subsection (a) shall not apply in the case of any fiscal year that is a control year, as defined in section 305(4) of the District of Columbia Financial Responsibility and Management Assistance Act of 1995 (D.C. Official Code, sec. 47–393(4))."

"(d) EFFECTIVE DATE.—This section shall apply with respect to Fiscal Year 2016 and each succeeding fiscal year."

(b) The table of contents of such Act is amended by inserting after the item relating to section 446B the following new item:

(1) "Sec. 446C. Budget and fiscal year autonomy."

Sec. 108. Legislative Autonomy.

GOVERNMENT OF THE DISTRICT OF COLUMBIA
OFFICE OF THE CHIEF FINANCIAL OFFICER

Jeffrey S. DeWitt
Chief Financial Officer

April 2, 2015

The Honorable Muriel Bowser
Mayor of the District of Columbia
John A. Wilson Building
1350 Pennsylvania Avenue, N.W., 306
Washington, DC 20004

Dear Mayor Bowser:

I am pleased to transmit the Fiscal Year 2016 Proposed Budget and Financial Plan. The Fiscal Year 2016 Proposed Budget includes \$7.0 billion from Local funds and \$12.9 billion in Gross funds (excluding Intra-District funds).

The Office of the Chief Financial Officer (OCFO) worked closely with your executive leadership team, the City Administrator's Office of Budget and Finance (OBF) staff, and agency program staff to produce a balanced budget and five-year financial plan. The FY 2016 policy budget reflects your administration's funding priorities and determinations.

After careful review, I certify that the FY 2016 – FY 2019 Budget and Financial Plan, as proposed, are balanced.

REVENUE OUTLOOK

The revenue outlook is predicated on continuing improvement in the national economy, and assumes that growth in the District's economy will also accelerate, adding both jobs and people over the period of the financial plan.

Some significant measures to reduce federal spending, however, are expected to be in effect during the period of the financial plan, with the severity of their impact diminishing over time.

Population growth has been a major factor in increasing the District's income and sales tax bases, and a major driving force behind rising home values. In the last five years (2009 to 2014), the District's population has grown by 66,665 (11.3 percent), an increase that has averaged more than 1,000 net new residents per month over this period. The increase from 2013 to 2014, however, was the slowest since 2008, and natural increase (births minus deaths) accounted for almost half of the gain in that year.

The FY 2015 baseline estimate of \$6.61 billion in total Local Fund Revenue, excluding Dedicated Taxes and Special Purpose Revenue, is \$306.6 million (4.9 percent) greater than FY 2014 revenue. The \$6.87 billion estimate for FY 2016 is an increase of \$253.1 million (3.8 percent) from FY 2015 and reflects continued strength across the major revenue sources. Including Dedicated General Fund Tax Revenue, Special Purpose Revenues and policy initiatives, total FY 2015 General Fund Revenue in the financial plan is \$7.4 billion. Total General Fund Revenue in FY 2016 is \$7.7 billion, \$286.6 million more than FY 2015.

Various policy initiatives increase General Fund Revenue beginning in FY 2016 by \$36.1 million, \$26.0 million of which are Local Fund Revenues. Some of the major policy proposals are listed below:

- An increase in the general sales tax rate from 5.75 percent to 6 percent is expected to raise \$22.2 million in Local Fund Revenue;
- Income tax law changes to close loopholes and the clarification of the statute of limitations for audits increase revenue by approximately \$3.6 million; and
- An increase in the sales tax rate for commercial parking from 18 percent to 22 percent is expected to raise \$9.9 million in Dedicated Tax Revenue.

EXPENDITURES

Local Funds

The FY 2016 Mayor’s Proposed Budget includes \$7.0 billion in spending supported by \$7.0 billion of resources, with an operating margin of \$0.5 million, as shown in Table 1.

MAJOR COST DRIVERS – LOCAL FUNDS

Overall, the FY 2016 Local funds budget increased by \$214.2 million, or 3.2 percent, over FY 2015. Table 3 provides a snapshot of the major cost drivers associated with the increase.

Cost Drivers - Local Funds	Amount
FY 2015 Approved Local Funds Budget	\$ 6,801.0
Major Changes:	
Housing Production Trust Fund Subsidy	\$ 50.2
Fire and Emergency Medical Services Department	31.1
Department of Human Services	29.9
Washington Metropolitan Area Transit Authority	29.5
Department of General Services	26.8
Metropolitan Police Department	25.1
Police Officers' and Fire Fighters' Retirement System	24.8
District of Columbia Public Schools	24.1
Repayment of Loans and Interest	22.6
All Other Agencies	-49.9
Total Changes	\$ 214.2
FY 2016 Proposed Local Funds Budget	\$ 7,015.2

Note: Details may not add to totals due to rounding

Primary Cost Drivers

- **Housing Production Trust Fund (HPTF):** \$50.2 million increase in funding to enhance affordable housing initiatives. The total amount budgeted for affordable housing in the FY 2016 budget is \$107.8 million, with \$100 million going directly to the Housing Production Trust Fund. This includes \$57.7 million of dedicated revenue for affordable housing. In addition, to this amount, the Mayor added \$50.1 million of Local funds to further stimulate the production of affordable housing. By law, \$7.8 million of the total is used to pay debt service on borrowings for New Communities projects (see the Debt Service chapter in "Financing and Other").
- **Fire and Emergency Medical Services Department:** \$31.1 million increase in Local funds, due primarily to \$14.6 million for Cost-of-Living Adjustments (COLA), \$3.0 million in longevity pay, and \$12.4 million of increased overtime costs resulting from a legal settlement with the International Association of Firefighters Local 36.
- **Department of Human Services (DHS):** \$29.9 million increase in Local funds, due primarily to \$15.7 million for the Dignity for Homeless Families Amendment Act of 2014; \$11.8 million to support efforts to end homelessness, and increased funding to extend TANF benefits through October 2017, and \$1.1 million for COLAs.
- **Washington Metropolitan Area Transit Authority (WMATA):** \$29.5 million increase over the FY 2015 budget, which includes an increase to the annual subsidy, a shift of costs from Local funds to Dedicated Taxes funding, and funding for the Kids Ride Free initiative.
- **Department of General Services (DGS):** \$26.8 million increase in Local funds, due primarily to the forecasted expenditures in fixed costs, including rent estimates, and facility and security costs.
- **Metropolitan Police Department (MPD):** \$25.1 million increase in Local funds, due primarily to \$30.9 million for COLAs, \$5.0 million to support body cameras, \$2.9 million to support the civilianization efforts, and \$2.5 million to support the Police Officer Retention Pilot program.
- **Police Officers' and Fire Fighter's Retirement System:** \$24.8 million increase over the FY 2015 budget, which is based on the District of Columbia Retirement Board actuarial report.
- **D.C. Public Schools (DCPS):** \$24.1 million increase over FY 2015, primarily due to a projected increase in enrollment from 47,592 to 49,145.
- **Repayment of Loans and Interest:** \$22.6 million increase over FY 2015, which is the result of the District's increased borrowing.
- **All Other Agencies:** \$49.9 million reduction is the net of policy increases and decreases to various agency programs.

OTHER OPERATING ITEMS

The financial plan includes funds for the anticipated payment of a legal settlement against the District that entails backpay for firefighters due to a change in the way in which firefighter overtime is calculated. Neither the timing nor the final amount of this settlement is known at this time. The Budget Support Act recognizes that the District must set aside funds from any surplus (above the amount of FY 2015 surplus budgeted for use in FY 2016) in FY 2015 and beyond to reserve in the fund balance for a potential settlement amount. If such funds are not available by the time the settlement is actually paid, the District would use the funds shown as "Paygo Contingency" in the Financial Plan, and thus could not use those funds for Paygo capital. Once sufficient funds are set aside in the fund balance to cover the settlement, the "Paygo Contingency" funds would be available for Paygo capital or other uses.

CAPITAL IMPROVEMENTS PLAN

The District is addressing its continuing infrastructure needs through its Capital Improvement Plan (CIP). The total proposed appropriation request for the FY 2016 through FY 2021 CIP is \$1.042 billion from all sources. The increased budget authority will be financed with I.T. or G.O. bonds, Revenue bonds, Pay-As-You-Go (PAYGO) transfers from the General Fund, the Master Equipment Lease Program, Federal Grants, a local match to the grants from the Federal Highway Administration, private donations, sale of assets, and local transportation fund Revenue.

The proposed FY 2016 capital program includes \$1,215 million in planned capital expenditures to be financed by \$921.5 million in new I.T. or G.O. bonds, \$16.9 million from the Master Equipment Lease Program, \$26.3 million in PAYGO, \$168.2 million in federal grants and payments, \$22.5 million in the Local Match to the Federal Highway Administration grants, \$46.0 million from the Local Transportation Revenue Fund, and \$13.8 million from the Sale of Assets. Debt service within the CIP period remains below the 12 percent debt cap.

The leadership provided by you and your team, along with the hard work of the Office of Budget and Planning and others in the OCFO, allowed us to work effectively together to produce a balanced budget. I look forward to continuing to work with you and the Council during the upcoming budget deliberations.

Sincerely,

Jeffrey S. DeWitt
Chief Financial Officer

Sec. 101. There are appropriated from the applicable funds of the District of Columbia such sums as may be necessary for making refunds and for the payment of legal settlements or judgments that have been entered against the District of Columbia government.

Sec. 102. The District of Columbia government is authorized to approve reprogramming and transfer requests of local funds under this Act through November 7, 2016.

Sec. 103. (a) Amounts appropriated in this Act as operating funds may be transferred to the District of Columbia's enterprise and capital funds and such amounts, once transferred, shall retain appropriation authority consistent with the provisions of this Act.

(b) The District of Columbia government is authorized to reprogram or transfer for operating expenses any local funds transferred or reprogrammed in this or the 4 prior fiscal years from operating funds to capital funds, and such amounts, once transferred or reprogrammed, shall retain appropriation authority consistent with the provisions of this Act.

(c) The District of Columbia government may not transfer or reprogram for operating expenses any funds derived from bonds, notes, or other obligations issued for capital projects.

Sec. 104. Except as otherwise provided in this section, none of the funds made available by this Act or by any other act may be used to provide any officer or employee of the District of Columbia with an official vehicle unless the officer or employee uses the vehicle only in the performance of the officer's or employee's official duties. For purposes of this section, the term "official duties" does not include travel between the officer's or employee's residence and workplace, except in the case of—

(1) an officer or employee of the Metropolitan Police Department who resides in the District of Columbia or a District of Columbia government employee as may otherwise be designated by the Chief of Police;

(2) at the discretion of the Fire Chief, an officer or employee of the District of Columbia Fire and Emergency Medical Services Department who resides in the District of Columbia and is on call 24 hours a day or is otherwise designated by the Fire Chief;

(3) at the discretion of the Director of the Department of Corrections, an officer or employee of the District of Columbia Department of Corrections who resides in the District of Columbia and is on call 24 hours a day or is otherwise designated by the Director;

(4) the Mayor of the District of Columbia; and

(5) the Chairman of the Council of the District of Columbia.

Sec. 105. (a) During Fiscal Year 2017, and for each succeeding fiscal year, during a period in which neither a District of Columbia continuing resolution or a regular District of Columbia appropriation bill is in effect, local funds are appropriated in the amount provided for any project or activity for which local funds are provided in an enacted Budget Request Act as submitted to Congress (subject to any modifications enacted by the District of Columbia as of the beginning of the period during which this subsection is in effect) at the rate set forth by such Act.

(b) Appropriations made by subsection (a) shall cease to be available—

(1) during any period in which a District of Columbia continuing resolution is in effect; or

(2) upon the enactment into law of the regular District of Columbia appropriation bill.

(c) An appropriation made by subsection (a) is provided under the authority and conditions as provided under this Act and shall be available to the extent and in the manner that would be provided by this Act.

(d) An appropriation made by subsection (a) shall cover all obligations or expenditures incurred for such project or activity during the portion of the fiscal year for which this section applies to such project or activity.

(e) This section shall not apply to a project or activity during any period of the fiscal year if any other provision of law (other than an authorization of appropriations)—

(1) makes an appropriation, makes funds available, or grants authority for such project or activity to continue for such period; or

(2) specifically provides that no appropriation shall be made, no funds shall be made available, or no authority shall be granted for such project or activity to continue for such period.

(f) Nothing in this section shall be construed to affect obligations of the government of the District of Columbia mandated by other law.

(g) This section shall not apply if section 107 or 201 of this Act has been enacted.

Sec. 106. Section 446 of the District of Columbia Home Rule Act, approved December 24, 1973 (87 Stat. 801; D.C. Official Code § 1–204.46), is amended as follows:

(a) Strike the third sentence and insert the phrase “The Mayor shall submit to the President of the United States for transmission to Congress the portion of the budget so adopted with respect to federal funds and the Mayor shall notify the Speaker of the House of Representatives, and the President of the Senate, as to the portion of the budget so adopted with respect to local funds; provided, that in a control year (as defined in D.C. Official Code § 47-393(4)), the Mayor shall submit to the President of the United States for transmission to Congress the budget so adopted.” in its place.

(b) Strike, in the fifth sentence, the phrase “the Mayor shall not transmit any annual budget or amendments or supplements thereto, to the President of the United States” and insert the phrase “the Mayor shall not submit to the President of the United States, or, for a fiscal year which is not a control year, notify the Speaker of the House of Representatives and the President of the Senate regarding, any annual budget or amendments or supplements thereto” in its place.

Sec. 107. (a) Subpart 1 of part D of title IV of the District of Columbia Home Rule Act (D.C. Official Code, sec. 1–204.41 et seq.) is amended by inserting after section 446B the following new section:

"BUDGET AND FISCAL YEAR AUTONOMY

"Sec. 446C. (a) BUDGET AUTONOMY.—Notwithstanding the fourth sentence of section 446 of the Home Rule Act (D.C. Official Code, sec. 1–204.46), the second and third sentences of section 447 of the Home Rule Act (D.C. Official Code, sec. 1–204.47), section 602(c) of the Home Rule Act (D.C. Official Code, sec. 1–206.02(c)), or sections 816 and 817 of the Financial Services and General Government Appropriations Act, 2009 (D.C. Official Code, secs. 47–369.01 and 47–369.02), upon the enactment by the District of Columbia of the annual budget, or any amendments or supplements thereto, for a fiscal year, officers and employees of the District of Columbia government may obligate and expend District of Columbia funds and hire employees in accordance with that budget.

"(b) FISCAL YEAR AUTONOMY.—Notwithstanding section 441 of the Home Rule Act (D.C. Official Code, sec. 1–204.41), the fiscal year of the District government and any entity of the District government shall commence and end on such dates as may be established by the District of Columbia. "

“(c) EXCEPTION FOR CONTROL YEAR.—Subsection (a) shall not apply in the case of any fiscal year that is a control year, as defined in section 305(4) of the District of Columbia Financial Responsibility and Management Assistance Act of 1995 (D.C. Official Code, sec. 47–393(4)).”

"(d) EFFECTIVE DATE.—This section shall apply with respect to Fiscal Year 2016 and each succeeding fiscal year."

(b) The table of contents of such Act is amended by inserting after the item relating to section 446B the following new item:

(1) "Sec. 446C. Budget and fiscal year autonomy."
