I. BACKGROUND AND NEED

On September 17, 2018, PR 22-995, the “Commission on Health Equity Christopher Selhorst Reappointment Resolution of 2018” was introduced by Chairman Mendelson. The purpose of PR 22-995 is to reappoint Dr. Christopher Selhorst as a Council appointee to the Commission on Health Equity (“Commission”) for a three-year term to end on July 7, 2020.

Dr. Selhorst is a Ward 6 resident of the District of Columbia. He is currently employed as a Diagnostic Radiologist at Kaiser Permanente. His work includes diagnosing and assessing a myriad of diseases including stroke, cervical cancer, prostate cancer, chronic kidney disease, complications of HIV/AIDS, and breast cancer diagnosis and interventions. In addition, Dr. Selhorst highlighted his work addressing health disparities while working on projects in Vietnam,

Ecuador, Boston, and New Mexico. Furthermore, he serves on the Executive Board of the D.C. Metropolitan Radiological Society.

The Commission on Health Equity is the successor to the Commission on Health Disparities, established pursuant to the Commission on Health Disparities Establishment Act of 2014, effective March 10, 2015 (D.C. Law 20-192; D.C. Official Code § 7-755.01 *et seq.*). The Commission on Health Disparities was tasked with looking at ways to prevent chronic diseases, which “account for the huge disparities in health among residents in the city.”¹ The Committee on Health noted that chronic diseases account for 6 out of 10 deaths in the city, and that African-Americans and residents of Ward 5, 7, and 8 are most likely to be impacted by chronic diseases.² Furthermore, the report on the bill indicates that even though chronic diseases are common they are preventable through proper health care.³ The Commission on Health Disparities was to look at ways to improve the health outcomes of all residents of the District.⁴ Unfortunately, no one was ever appointed to the Commission on Health Disparities.

In 2016, the Council approved a subtitle in the Fiscal Year 2017 Budget Support Act⁵ that repealed the Commission on Health Disparities and re-established the Commission as the Commission on Health Equity. The purpose of the re-established Commission is to examine health equity issues in the District and to advise the Department of Health, the Council, and the Mayor on solutions to address health inequities that exist in the District.⁶ The Commission is required to meet at least once a quarter to share findings regarding health disparities that exist in each ward of the District.⁷

The Commission consists of 17-members, 9 of whom are voting members.⁸ Six of the voting members are appointed by the Mayor, and three voting and three non-voting members are appointed by the Council of the District of Columbia.⁹ The three non-voting members appointed by the Council must be community advisory members, one each from Wards 5, 7, and 8.¹⁰ The other non-voting advisory members of the Commission are: the Chairperson of the Council committee with jurisdiction over the Department of Health; one patient organization representative;¹¹ the presidents or chief executive officers of two District hospitals, or their designees; and a representative from an insurance company, or his or her designee.¹² The Mayor is responsible for appointing the Chairperson of the Commission from among the voting members.

Dr. Selhorst was first appointed to the Commission on July 7, 2017 for a one-year term.¹⁵ Due to Dr. Selhorst’s term ending on July 7, 2018, Chairman Mendelson filed PR 22-995 to extend his term to July 7, 2020. Because the Committee held a public roundtable on Dr. Selhorst’s previous appointment resolution (PR 22-245) last year, the Committee believes that another public

roundtable is unnecessary. However, the Committee did send Dr. Selhorst questions regarding his reappointment and his responses are attached to this Report.

If reappointed, Dr. Selhorst plans to assist the Commission transition from focusing on data collection to focus on community dialogue and debate as the Commission develops its formal recommendations for the Council and the Mayor.¹⁶ Dr. Selhorst's experience working on health disparity issues around the world and his current work on the Commission necessitate him being reappointed to the Commission. In addition, the Committee believes that Dr. Selhorst should be given the opportunity to develop formal recommendations from work that he started when he was first appointed to the Commission last year, which was also the first year that the Commission was in operation.

The Committee continues to support Dr. Selhorst's perspective to address health equity issues in the District. Further, the Committee believes Dr. Selhorst meets the statutory requirements to serve another term as a member of the Commission pursuant to D.C. Official Code § 7-756.01(3)(A), as he has an expertise in health equity, social determinants, and health disparities. The Committee recommends adoption of PR 22-995.
