June 14, 2019

The Honorable Phil Mendelson
Chairman
Council of the District of Columbia
1350 Pennsylvania Avenue, NW
Washington, DC 20004

Dear Chairman Mendelson:

Please find enclosed for consideration and approval by the Council of the District of Columbia (the “**Council**”), a sublease agreement for the property located at 3100 Martin Luther King, Jr. Avenue, S.E., Washington, DC between Old Congress Heights School Redevelopment Company, LLC, as sublandlord, and the Board of Trustees of the University of the District of Columbia, as subtenant, pursuant to D.C. Official Code § 1-204.51(b). The leased premises would be occupied by the University’s Community College and Workforce Development & Lifelong Learning programs.

The proposed lease would also allow three of the University’s sites (United Medical Center, Shadd and Patricia R. Harris Education Center) to share space there. The size of the space to be leased is approximately 71,800 rentable square feet for an initial lease term of fifteen (15) years with two (2) options to purchase, at the end of the 6th year of the sublease term and at the end of the sublease term. The Agreement also includes two (2) options to extend the sublease term by five (5) years each, should the University not exercise the option to purchase. The building’s base rent during the first year is \$2,082,200 with a 2.75% escalation in subsequent years except years 5 and 10. Years 5 and 10 each will experience a \$3 rent rate increase. It is anticipated the operating cost will total \$736,000 annually. This brings the total first year cost to \$2,818,200.

I urge the Council to take prompt and favorable action and am available to discuss any questions you may have regarding this proposed lease. In order to facilitate a response to any questions you may have regarding this proposed lease, please have your staff contact Mr. Erik L. Thompson, our Vice President of Capital Assets and Real Estate Services at 202-274-5600. I look forward to your favorable consideration of the proposed action.

Sincerely,

Ronald Mason, Jr.
President

4. **A description of the University's specific real property need associated with the proposed real estate contract and the selection process, including the number of offerors, the evaluation criteria, and the evaluation results, including price, technical or quality, and past performance components:**

The University's Community College has supported the growth and development of the District's workforce development programs. The University's satellite locations are strategically located to offer relevant professional developmental courses and certificates for District residents. In order to remain relevant for generations to come, our facilities must expand to meet the ever-growing needs of the academic environment and community. The Property offers a unique opportunity to consolidate three of the University's locations (ie, United Medical Center, Shadd, and Patricia R Harris) and swing into one central location. This consolidation will facilitate programmatic enrollment, community development goals, and accelerate key initiatives of the Equity Imperative for the University's Community College and Workforce Development & Lifelong Learning.

On or about April 2019, the Landlord selected the University as its preferred tenant for the property, subject to terms acceptable to both parties, memorialized in a definitive lease agreement and all required approvals.

5. The background and qualifications of the proposed contract party, including its organization, financial stability, personnel, and performance on past or current real estate contracts with requirements similar to those of the proposed contract:

The Landlord, Old Congress Heights School Redevelopment Company, LLC, is a District of Columbia limited liability company with the sole purpose of owning and operating the real estate improvements located at 3100 Martin Luther King, Jr. Ave S.E., Washington, DC.

6. Expected outcomes of the proposed real estate contract:

The approval of the proposed Lease is expected to result in the University's occupancy of the subject Property for an initial 15-year term, unless the University elects to exercise its purchase option at the end of the 6th lease year.

7. A statement that suitable space owned by the District is not available or cannot be reasonably renovated or altered:

Based upon an evaluation of space owned by the District or the University, there is no suitable space, whether as-is or which can reasonably be renovated or altered, which would meet the needs of the University under the proposed real estate contract. The available square footage, strategic location and the consolidating locations provide a strong rationale for this Property's use by the University.

8. ANC notice of the proposed real estate contract:

The University has received letters in support of its intended use of the Property from substantially all the commissioners of ANC 8C regarding the proposed real estate contract, as required by applicable law. The notice provided the ANC with an opportunity to provide written recommendations regarding the proposed contract within thirty (30) business days. Pursuant to applicable law, the University has provided such notice and affords great weight to the issues and support raised in the ANC recommendations and considerations. Please see the attached letters of support from six of the seven commissioners of ANC 8C.

9. A certification that the proposed real estate contract is within the appropriated budget authority for the University for the fiscal year and is consistent with the financial plan and budget adopted in accordance with §§ 47-392.01 and 47-392.02:

The Office of the Chief Financial Officer for the University has certified the availability of funds for the proposed real estate contract. Please see the attached Funding Certification.

10. A certification that the proposed real estate contract is legally sufficient:

The Office of the General Counsel for the University has certified that the proposed real estate contract is legally sufficient. Please see the attached Legal Sufficiency Certification.

11. A certification as to whether the proposed contract party has any currently pending legal claims against the District:

According to the University's Office of the General Counsel and based upon a certification from Landlord, Landlord does not have any legal claims currently pending against the District.

12. A certification that the Citywide Clean Hands database indicates that the proposed contract party is current with its District taxes:

The proposed contract party is current with its District of Columbia taxes. Please see the attached Citywide Clean Hands certificate.

13. A certification from the proposed contract party that it is current with its federal taxes, or has worked out and is current with a payment schedule approved by the federal government:

Based upon a certification from Landlord, Landlord is current with its federal taxes, or has worked out and is current with a payment scheduled approved by the federal government.

14. The status of the proposed contract party as a certified local, small, or disadvantaged business enterprise, as defined in subchapter IX-A of Chapter 2 of title § 2-218.01 et seq.:

The proposed contract party is not a certified business enterprise.

RE: Proposed Sublease Agreement for the Old Congress Heights Property located at
3100 Martin Luther King, Jr. Ave. S.E. Washington D.C.

Conclusion:

The University of the District of Columbia (University) has the available funding in the capital budget to support the lease payments and in the operating budget and fund balance to support operating costs associated with years 1 – 6 of the proposed sublease agreement for the Old Congress Heights property located at 3100 Martin Luther King, Jr. Ave. S.E. Washington D.C. The University will fund the remaining term of the lease utilizing operating funds beginning in year 7 of the lease term if it is determined that the property is no longer required as swing space and the University opts to remain in the property and utilize it for other continuing operations.

Background:

The Board of Trustees (“Board”) of the University of the District of Columbia passed Resolution No. 2019-24 on June 4, 2019 which provided approval of a proposed sublease agreement for property located at 3100 Martin Luther King, Jr. Ave. S.E. between Old Congress Heights School Redevelopment Company LLC and the University. This space is intended to initially be used as swing space to consolidate operations currently located at the United Medical Center, Shadd and Patricia R. Harris locations into one site while the planned capital renovations occur at the Backus location.

The lease comprises of an initial fifteen year term with two options to purchase the property at the end of the 6th year of the sublease and at the end of the sublease, year 15, and two 5-year extension options for the sublease should the purchase option not be exercised.

The cost categories associated with this lease agreement are summarized below:

Lease Year	Rent Payments	Operating Costs
1	2,082,200	919,545
2	2,139,461	947,131
3	2,198,296	975,545
4	2,258,749	1,004,812
5	2,474,149	1,034,956
6	2,542,188	1,066,005
7	2,612,098	1,097,985
8	2,683,931	1,130,924
9	2,757,739	1,164,852
10	2,973,139	1,199,798
11	3,054,900	1,235,792
12	3,138,910	1,272,865
13	3,225,230	1,311,051
14	3,313,924	1,350,383
15	3,405,057	1,390,894

The University expects to use the property as swing space for the first 6 years of the lease term and will fund each cost category as follows:

- Utilize Capital Funds to pay for the \$13,695,043 in lease payments
- Utilize Operating Funds and fund balance to pay for the \$5,947,994 in operating costs

At the end of year 6, the University plans to reevaluate whether the property will still be required for swing space and if so resubmit a request to utilize the capital budget to fund the rent payments. If the determination is made that it is no longer required as swing space and the University opts to remain in the property and utilize it for other continuing operations, the remaining rent payments and operating costs will be funded by operating funds beginning in year 7 of the lease term.

Financial Impact:

The \$13,695,043 in rent payments for years 1 – 6 of the lease term was deemed eligible for capital funding, as the University intends to utilize the space at 3100 Martin Luther King, Jr. Ave. S.E. as swing space to consolidate the sites from United Medical Center, Shadd and Patricia R. Harris while the University completes its planning and construction of a new building at the Backus location. The University has sufficient available budget in capital funds to cover this cost.

For the \$5,947,994 in operating costs over this same period, the University has identified a combination of operating funds and fund balance to pay for these and sufficient budget has been allocated to cover the operating costs associated with this lease.
