I. BACKGROUND AND NEED

On November 10, 2021, Bill 24-502, the “Technical Amendments Act of 2022”¹ was introduced by Chairman Mendelson. This bill would amend various acts to correct technical errors, provide clarifications, and make conforming amendments. The changes contained in this act are technical or clarifying, not substantive, changes to law. In most cases they consist of deletions of outdated law sections, corrections to internal cross-references to other sections in the D.C. Code, grammatical corrections, conforming prior changes to the legislative drafting convention for District legislation. This bill makes stylistic changes to previously adopted legislation.

Technical amendment acts are omnibus measures periodically adopted by the Council to clean up various aspects of District law. Technical amendment legislation can be adopted with expedited procedures pursuant to the Council Rules.

¹ Originally titled “Technical Amendments Act of 2021”
