Maxim is currently providing services to the satisfaction of DCPS under the current contract, which expires on September 30, 2023. Maxim was established in 1988, in response to a national nursing shortage to focus on the recruitment and staffing of quality healthcare professionals for a variety of healthcare organizations. Maxim provides services to more than 6,500 clients nationwide, including state, local and federal government agencies and departments, hospitals, correctional

facilities, schools, and skilled nursing facilities. Maxim currently partners with several of the largest public-school districts in the US, including Los Angeles Unified School District (CA), Clark County School District (NV), Houston Independent School District (TX), Hillsborough County Public Schools (FL), Fairfax County Public Schools (VA), Gwinnett County Public Schools (GA) and Wake County Public Schools (NC).

Maxim has demonstrated through past performance that their organization has the history, personnel, and organizational and technical experience required to meet successfully the contract requirements. Likewise, Maxim maintains the financial resources, accounting, and operational controls to fulfill DCPS's requirements. Maxim has been deemed responsible in accordance with DCPS's standards for responsibility.

(K) The reason why the proposed change was sent to Council for approval after it is intended to take effect:

There were multiple factors resulting in the awarding of the contract actions prior to submission to the Council. The main factor was that DCPS experienced increased rates of vacancies and turnovers in key staff, including the chief contracting officer position. This factor, along with the decentralized administrative structure of DCPS's contracting function, resulted in a failure to request and obtain Council approval before the contract actions were implemented. DCPS regrets this failure and is working to update and improve its processes and procedures and determine appropriate administrative actions to be taken in response to the failure.

(L) The reason for the proposed change:

The contracting officer awarded the initial contract and continued with the exercise of option year one so that the contractor could provide to DCPS a spectrum of temporary health care staffing support related to the COVID-19 crisis.
